

Sac County EMS,

In an attempt to be more efficient and knowledgeable, we will offer Skills Training Classes in 2014. These will be held on the 3<sup>rd</sup> Thursday of the month at the Sac City Ambulance Education room. These classes will be **optional hours only**. We will be working with equipment and practicing skills during these classes. Examples are Back boarding, IV's, Blood pressures, Splinting, Extrications, Defib, King Airway, lifting/ moving, etc. Keep in mind, there is no substitute for "hands on" training. It is my goal to have a fun and educational class. The length of the class will be around 2 hours.

Everyone is **required to attend at least 2** of these classes, as we are required by the state to prove competency on all skills, within the EMS provider's scope of practice.

Skills Training Schedule 2014
