# Snowshoe Activities

Once the snow falls go outside and try these snow challenges!

## Snowshoe Challenge #1

Take a cardboard box and cut out different size squares in pairs. Make the first set just bigger than your shoe, the second set twice as big, and the third set three times as big. Then bring them outside and see which cardboard can hold you on the snow! You can even try to tie them to your feet to see how far you can walk.

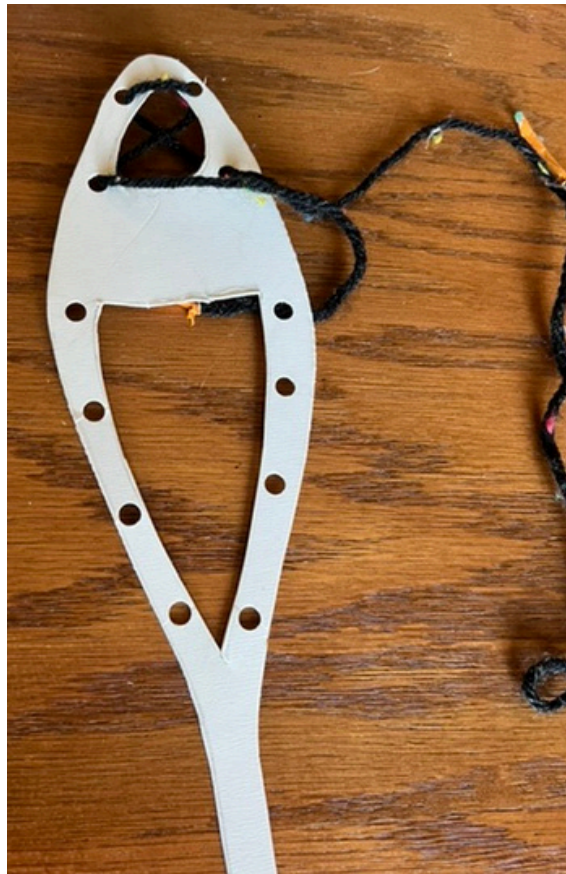

## Snowshoe Challenge #2

Go out for a walk and look for animal tracks in the snow. Once you find animal tracks take notice how deep into the snow they go. Do some animals have better snowshoe feet than others? Which ones had the deepest footprints and sunk the the most?

# Snowshoe Craft

Make your own snowshoe!  
Use the string provided  
and lace-up the snowshoe.  
Use your creativity and  
lace it however you'd like!
