The County Engineer updated the Board on activities of the county road crews and the status of current maintenance and construction projects.

The Board of Supervisors, County Attorney and the County Engineer listened to a group of property owners and residents within the Richland wind turbine project area regarding the issue of allowing or not allowing the utility company permission to bury collection lines in the County right of way. It was the opinion of the County Attorney that since the Board had directed the county engineer to allow or disallow utilities in the right of way that that policy should stay in place and it was his interpretation of the law that Sac County's policies were compliant. No action was taken.

With there being no further business, on motion, the meeting was adjourned.
